OPHTHALMIC LASER HIGHLIGHTS

Financial News

- **Carl Zeiss Meditec** met its financial targets in fiscal year 2012/2013, with revenue growth of 5.2% to €906.4 million and an increase in its EBIT margin of 0.5% to 14.8%. The company continued to grow in all its strategic business units and regions.
- According to an SEC Form 4 filing, **Iridex** COO/CFO James Mackaness exercised an option to buy 10,000 shares of Iridex at \$2.49 per share and then immediately resold them for \$10.52.
- **Lumenis** filed a registration statement with the SEC for a proposed public offering of its ordinary shares.

MEDICAL/SURGICAL LASER HIGHLIGHTS

Financial News

- Investor Larry Feinberg, manager of Oracle Associates, acquired a 10% share of **Biolase** shares.
- **MedX Health** entered into private placement agreements with accredited investors to raise a total of \$203,000 by issuance of 2,030,000 units at \$0.10 per unit.
- **Synergetics USA** had growth in sales and reported gross profit, operating margin, income from continuing operations, and net income for 1Q14 (which ended October 31). Total sales increased 6.2% vs. 4Q13.
- **Valeant Pharmaceuticals** agreed to buy all of the outstanding common stock of Solta Medical, for \$2.92 per share in cash, which represents a 40% premium to Solta's closing share price on December 13, or a transaction value of ~\$250 million.

Other News

- **AngioDynamics** began a cost-cutting program aimed at saving \$15-18 million over three years which will include consolidation of its plants and job cuts. In other news, the Centers for Medicare and Medicaid Services (CMS) created a new ambulatory payment classification (APC) that includes both in-hospital endovenous FR treatments and in-hospital endovenous laser varicose vein ablation, such as the company's VenaCure EVLT procedure.
