

TRENDS-in-MEDICINE

NOTE: As of January 6, 2022, this is the best information available, and it has been double- and triple-checked, but meeting dates and status (in-person vs. virtual vs. hybrid) are changing almost daily. There is a link to each meeting (in blue). Please be cautious with hybrid meetings because sometimes they are not fully hybrid. A number of 2022 meetings have not announced a date yet, and they are listed at the very end. Starting about mid-year, most of the meetings hope to go all in-person, but don't count on that. If you do go to a meeting, have a plan for what to do if you test positive for Covid-19 while there – where will you stay, how will you get home, etc.?
