

NOTE: This is the best information available as of November 10, 2022. It has been double- and triple-checked, but meeting dates and status (in person vs. virtual vs. hybrid) continue to change, though the changes have been slowing down.

- There is a link for each meeting (in [blue](#)).
- Please be cautious with hybrid meetings because sometimes they are not fully hybrid; there may be sessions (and even posters) not available virtually.
- Very few meetings require proof of vaccination any longer.
- If you are traveling out of the U.S., it wouldn't be a bad idea to take two (or more) Covid self-tests and a prescription of Pfizer's Paxlovid antiviral with you because who knows what treatments will be available in other countries.

2023 MEDICAL CONFERENCE CALENDAR (through June 30)		
Date	Meeting	Location
