

NOTE: This is the best information available as of November 1, 2023. It has been double- and triple-checked, but meeting dates and status (in person vs. virtual vs. hybrid) continue to change, though the changes have been slowing down.

- There is a link for each meeting (in **blue**).
- Please be cautious with hybrid meetings because sometimes they are not fully hybrid; there may be sessions (and even posters) not available virtually.
- Proof of vaccination is rarely required any longer.
- If you are traveling out of the U.S., it wouldn't be a bad idea to take two (or more) Covid self-tests and a prescription of Pfizer's Paxlovid antiviral with you because who knows what treatments will be available in other countries.
