NOTE: This is the best information available as of February 15, 2026. It has been double- and triple-checked, but meeting dates and virtual access continues to change. There is a link for each meeting (in **blue**). Please be cautious about meetings listed as hybrid or virtual. Increasingly, we are finding that virtual meetings do not make *everything* virtual, and the virtual quality is highly variable. Finally, please be sure to recheck details before making travel plans.
